Internedservices Scope for certificate 2017-005

The scope of this ISO/IEC 27001:2013 certification is limited by the Information Security Management System as currently implemented by Internedservices (IS Group B.V.) at Wielingenstraat 8, Purmerend, The Netherlands.

Internedservices is an Information Technology service organization. The services it provides include:

- Cloud services, including private, public and hybrid cloud hosting.
- Managed services, including managed cloud and managed Azure.
- Workplace services, including hosted desktop, office and exchange services.
- Security services, including PCI-DSS compliant hosting, anti-DDOS services, firewalls and content delivery network services.
- Connectivity, providing consumer and business level internet connections

In scope are the departments and employees of Internedservices, including:

- Sales Service Center, providing (after)sales support
- Infrastructure and solutions, providing the technical infrastructure towards providing the services
- Professional services, including service management and solution consultancy
- Customer operations, including service delivery and support
- Finance and administration, providing administrative and financial support to the internal organization
- Service and quality assurance, providing trust services towards Internedservices' clients

The ISMS mentioned in the above scope is restricted as defined in the Information Security Management Manual, signed on December 14, 2016 by the Chief Executive Officer.
